Welcome to the 2015 D&H Yearling Bull Sale,

This sale is an exciting one for our program. It's our opportunity to showcase our 2014 calf crop and to show you the future stars of D&H Cattle. The pedigrees of this offering are proven and we believe you will be impressed with their talent.

As the industry has changed, we have also changed how we market and handle these yearling bulls. As many of you know it's hard to get that perfect video clip of these yearlings but we did our best. When you watch the videos I think you will be impressed. Yes, there are some that haven't put it all together perfectly yet, but they have what it takes to win when they mature and get more outs on them.

The bulls we sold last year had an awesome year and we are just halfway through the season. Here are a couple of the highlights; ½ interest in 6A sold for \$51,000 and so far he has won \$139,445, and 98A sold for \$22,000 and has been awarded \$88,349. There are several others that have done extremely well and they have three more years of competition ahead of them. Plus, the way these bulls are bred, there is no doubt several of them will become super stars of the PBR in the future. As you know, we do take bulls to several PBR events throughout the year, but due to our busy schedules we can't make it to all of them. However, we are proud to say there has not been a PBR Built Ford Tough Event this year that there wasn't a bull there representing the Rockin' P. They are working for our customers!

As the Bucking Bull industry continues to grow so do the opportunities. The earning potential of this set of bulls is incredible! All of these bulls are eligible for the 2016 D&H Incentive Futurity, which has \$100,000 added with \$50,000 guaranteed to the winner. There are also many that are paid current for the 2016 American Heritage Futurity. We also nominated several bulls this year for the 2016 Million Dollar Bucking Bull Futurity. They are paid current for these events and our genetics have proven they can and will continue to win their fair share! We look forward watching your success.

It takes a lot of work and many hours to prepare for these sales and to do all the day-to-day care. We want to say thank you to Jackie, Rooster, and Dave for going that extra mile and to the many great friends that have offered their help getting these bulls bucked.

We truly appreciate the ABBI for allowing us to be a part of a great Bucking Bull weekend. This will be a fun, action packed week so come take in all the events.

This sale is definitely a sale of opportunity! Study your catalog, pay close attention to the videos, and don't hesitate to contact us with questions.

Thank You  
D&H Cattle

Red horned bull. This is a big framed racy calf. He's made the way you want one and bucks the way you want one to as well. He'll be in the gate to the left and kicks through every jump. Really bucks. We've gotten along well with 52U sons in the futurity this year and look for more success with prospects like 484B next year.
